

FINDING NEMO MONOLOGUES AUDITIONS

Coral: Marlin Shh! You're gonna wake the kids! Just think, in a couple days we're gonna be parents. Marlin there are over 400 eggs, odds are one of them is bound to be like you. Marlin, I really like you. You won't be doing this alone. Besides you've got the dad jokes down to an art form. Marlin look, I see a Barracuda coming. I have to protect the kids. Help!

Marlin: You know, a lot of other Clownfish had their eye on this place! Best view in the Great barrier Reef. Yeah...a fish can breathe out here! If I have kids., I'm gonna name one of them Nemo. But I'd like the rest to be Marlin Jr. What if they don't like me? You wanna hear one of my jokes? What did the Ocean say to the score? Nothing it just waved.

Nemo: First day of school, first day of school, come on dad, wake up! Come on Dad, it's time for school, time to leave! Hey Dad, do you know how old Sea Turtles are? Sandy Plankton said they could live to be a hundred! Can I go play now? Please Dad, please, all the other kids are playing tag on the reef? Pleeeeeeeeese? Thanks Dad!

Dory: There, there, it's all right, it'll be ok. What? You promised never to let anything happen to Nemo? Why... that's a funny thing to promise. You can't never let anything happen. Then nothing would ever happen. Not much fun for little Harpo. But you're not alone, I'm here too. We're a team you and me. No one's ever stuck with me for so long before.

Professor Ray: Good morning explorers. It looks like we've got a new student. His name is Nemo! Everybody say "Hello Nemo"! Good, now everybody hold on tight. Now let's name the species who live in the sea! Now look explorers, here we are at the drop off where our reef ends and the vast open ocean stretches for miles. Remember to stay close!

Bruce: Hello, my names Bruce. Looks like you've stumbled on a little party we're having. Well, would you look at this lot of bloodthirsty barnacles. Did everyone follow the assignment and bring a guest with them today? Let's all say the pledge! Oh yes we've seen the light! Each day we fight the fight to curb our appetite. Fish are friends not food.

Bloat: Oops, hello there. Stranger, stranger in the tank! Stop that, you're scaring the poor thing. It's ok honey. Welcome to the Sydney Harbour Aquarium. I'm Bloat, that's Peach, Gurgle and Bubbles. This tank is our little corner of the aquarium. It's not much but it's home.

Nigel: Just popping by for a quick hello. I saw professor Sherman's boat in the harbour and thought there might be some new fish in the tank...Ahhh...a newcomer, I thought so...what's your name...Nemo...where are you from? Oh Dear you lost your dad? Oh My...The Great Barrier Reef is hundreds of kilometres from here, but I'll keep a look out for your Dad Nemo.

Crush: Dude focus dude. You took on the Jellies and one. You saved little blue...Dory is her name! You are riding on the East Australian current. You have travelled far...you must be on a lucky star...and your exactly where you're meant to be. Now grab some shell and let's go with the flow... Rock and Roll! Wheeee. Get ready for Sydney, your exits coming up.
